

HP16

HI! COOL
much more than cold

16.000 m³/h

High performance and low consumption portable industrial evaporative air conditioner

Improved productivity in industries

Designed to withstand the harshest conditions
Improves air quality by displacing dust, fumes and odors.

Characteristics

REF: **HP16**

| Speeds | Vel.1 | Vel.2 | Vel.3 |
|-----------------------|----------------------|-------------|-------------|
| Flow | 8.436 m3/h | 12.334 m3/h | 16.000 m3/h |
| Power | 286 w | 347 w | 450 w |
| Voltage | 220V/1/50Hz | | |
| Fan type | Axial | | |
| Weight | 45 Kg | | |
| H ² O tank | 80 L | | |
| Dimensions | 935 x 560 x 1.310 mm | | |
